GOVERNMENT OF MYSORE

Fr 2997

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE,
"BEDFORD HOUSE," HIGH GROUND,
Bangalore 11th October 1915.

D. O.

Dear Sir Visvesvarayya,

I am sending this letter to you by Mr. G. Subbusamy Iyer as he will be able to give you any detailed information you may want and he will be able to explain the situation to you clearly. What I wish to ask for is authority to proceed with the establishment of five sugarcane installations which will be set up by Government and handed over to local Co-operative Societies which have already been formed. Each of these Societies has paid ten per cent. of the net cost of the installation and the rest of the money is to be advanced by Government to be repaid in instalments spread over 7 years The position is this: Mr. Subbusami Iyer has been specially deputed for some months past to encourage development in this direction and he has succeeded in establishing these 5 Societies. Sugar cane milling will commence at one installation at the end of November and at the others in December or January. I am glad to say that Government have sanctioned the purchase of 3 Oil engines and sugar mills from Messrs. Massey & Co., and these have been ordered and will duly ar-

rive

arrive in Bangalore; but if the plant is not set up in time for use this year, the whole scheme will fall through and I am afraid that the work of the Department of Industries will receive a very severe set-back, the ryots will certainly lose confidence in us and a golden opportunity will be lost. Jaggery at the present moment is at the extraordinarily high price of Rs.4/- per maund and the ryots are naturally anxious to mill their cane early and to get as much out of their cane as possible.

For the last three years we have been preaching to the people the necessity of adopting improved appliances and I am afraid it will reflect very seriously on the Economic Conference if we fail to carry out what we have been urging the people to do. It will be difficult now as it is to get all the work through in time; but if there is further delay it will be impossible. There is no possible room for doubt that the system we are working on is a sound one and that it will prove a success. I have therefore to ask that either the loans for the Co-operative Societies may be sanctioned at once or that I may be authorised to go on with the work from the funds at my disposal in my own office adjusting the accounts afterwards. This latter course is practicable as there

(5)

DIARY No. 1494

SEC

No.

(3)

there is an item in my Budget for experimental work in connection with the sugarcane work amounting to Rs.25,000/-. The situation at the present time is difficult enough and ordinary methods of procedure are too slow to enable us to cope with it. I fully recognise Government's intentions as shown by the fact that they have placed Rs.15,000/- at my disposal to purchase oil engines and mills; but what I want further is authority to erect these oil engines and mills and to provide the necessary plant so that they may be working during the ensuing season. I therefore feel bound to urge upon you the necessity for sanctioning the immediate proceeding with these installations. The whole amount at stake is a very small one and I should very much regret being unable to go on.

Yours sincerely,

Sir M. Visvesvarayya, K.C.I.E.,

3426

Dear Mr. Chatterton,

I have received your letter of the 11th instant in the matter of financing certain Co-operative Societies with a view to help them to set up sugarcane installations.

The grant of a loan to the Sabbenahalli Society has been sanctioned by Government; but in regard to other cases, further information is necessary ~~before the loan could be sanctioned~~. I have, however, sent your letter to the Secretary, E & A with a request to have the matter expedited ~~as much as possible.~~

Yours sincerely,

Dewan.

To

The Secretary to the Government of Mysore,

Departments of Education and Agriculture,

Bangalore.

SIR,

In continuation of my No.639 dated the 17th August 1915 and with reference to Government Order No.4314-17/A & I.24-12-13 of the 26th April 1915, I have the honour to state that three more Co-operative Societies have been established at Palareddipalli and Mallsundra, both in the Bagepalli Taluk, and at Krishnarajpet and I have to request that loans of Rs.12,000/- each may be sanctioned to enable them to establish sugarcane crushing plants to deal with the crop which will be coming forward from December onwards. Each of these Societies has already deposited a portion of the 10 per cent. they have been asked to pay up and the balance has been promised shortly. With the limited staff at my disposal, it will be difficult to get four additional sugarcane installations at work unless I can place the orders for machinery and start collecting materials as early as possible. I have therefore to request that early orders may be passed both on my No.639 and upon this application.

I have the honour to be,

S i r,

Your most obedient servant,

Alfred Chatterton

Director of Industries and Commerce.

TO

Alfred Chatterton, Esq., C.I.E.,
Director of Industries and Commerce in Mysore,
Bangalore.

SIR,

I have the honor to state that the members of the Balaroddipalli Co-operative Society, Ltd., in the Bagepalli Taluk have resolved at a general meeting held on 24-10-1915 to borrow Rs.10,000/- for eight years with a view to instal a sugarcane-crushing and jaggory-manufacturing machinery.

The society consists of 28 members who have taken up 120 shares of Rs.100 each. They have thus accepted - liability to the extent of Rs.12,000/-, which they are able to meet easily.

The Inspector who conducted the investigation reports that the people require a machine with only two furnaces, the probable cost of which is estimated to be about - Rs.10,000. He was helped in this connection by Messrs. G. Subbasami Iyer, Superintendent of Industries and Commerce and F.S. Raghavachar, Economic Superintendent, Kolar District

The members have already paid a sum of Rs.1,000/- a tenth

7

tenth part of the probable cost of the machinery and deposited the same in the Bagepalli Taluk Treasury.

The members are very eager to have the machinery installed before December next, to enable them to deal with the crop which will be ready by that time. They have also passed a resolution authorising you to utilise the amount of their loan for the purchase and installation of the necessary plant.

In the above circumstances, I recommend that the application of the Balareddipalli Co-operative Society for a loan of Rs.10,000/- for installing the machinery required for crushing sugar-cane and manufacturing jaggory may be granted.

As in the case of Bannur, arrangements may kindly be made for the erection of the necessary buildings and plant and for the working of the mill by the Department of Industries and Commerce for one year on behalf of the society, the members, on their part, undertaking to bring all their sugar-cane to the mill and to pay the milling charges before taking delivery of the same.

1. Copy of Inspector's report. 2. Loan application. 3. Copy of the general meeting proceedings. 4. Share list.	The marginally noted papers are herewith forwarded.

I have the honor to be,

Sir,

FROM

ALFRED CHATTERTON, ESQ., F.C.G.I., C.I.E.,
Director of Industries and Commerce in Mysore,
Bangalore, (India).

DIARY No. 1798

To

The Secretary to the Government of Mysore,
Departments of Education and Agriculture.

SIR,

In continuation of my No.991 of the 13th of September 1915, I have the honour to forward Mr. M.A. Narayana Iyengar's letter No.2181/a dated the 10/11th November 1915 regarding the Balareddipalli Co-operative Society.

The position is this. All the necessary formalities have been complied with, the parties have deposited with me Rs.1,000/- and Government have sanctioned the purchase of an engine and mill which can be conveniently sent to the Society. If the work is to be successful this year, it must be started at once. I have therefore to request that very early orders of Government may be obtained. I may state that in the meantime the people are collecting all the materials and that they will be gravely disappointed if the plant is not ready for work when their sugarcane is ripe. The cane crop this year is likely to be a very valuable one and the highest prices will undoubtedly be obtained for the earlier jaggery put on the market. Every one therefore wishes to get his cane milled as soon as possible.

I have the honour to be,

S i r,

Your most obedient servant,

Alfred Chatterton
